Prince Raj Pradhan

pradhanprince000@gmail.com — Phone: 9808706524 — [GitHub: prince-pradhan](https://github.com/prince-pradhan)

Satungal, Kathmandu, Nepal

Career Objective

Highly motivated undergraduate BITM student (7th Semester, TU) with a focus on Flutter development and Data Analytics. Passionate about leveraging AI and modern software frameworks to solve real-world problems. Seeking a challenging role to contribute to innovative projects while expanding technical expertise.

Education

Tribhuvan University — Kathmandu, Nepal
Bachelor in Information Technology and Management (BITM) — 2022 – Present
Currently Enrolled – 7th Semester

Experience

Mobile App Developer Intern — Kathmandu, Nepal
Lumbini Organization (Legal Remit Project) — *2 Months*

- Contributed to the development of a production-level mobile application for legal remittance services.
- Implemented UI components and core features using **Flutter** and **Firebase**.
- Collaborated with senior developers to debug and optimize application performance.
- Integrated real-time data sync and user authentication flows.

Academic Projects

- **E-commerce Mobile App** — *Flutter, Firebase*
  - Developed a full-stack mobile shopping app featuring product browsing, cart functionality, and secure login.
- **AI Project – Machine Learning Solutions** — *Python, Scikit-learn*
  - Applied ML concepts to build predictive models, focusing on data preprocessing and accuracy optimization.
- **Currency Converter** — *Flutter, API Integration*
  - Built a utility app providing real-time exchange rates via REST API integration.

Technical Skills

Programming	**Java**, Python, Dart (Flutter), SQL
Web & Mobile	Flutter, Firebase, Supabase, Basic HTML/CSS
Data Tools	Power BI, Excel
Tools	Git, GitHub, VS Code, Postman
Soft Skills	Team Collaboration, Problem-solving, Technical Documentation

Certifications & Training

- **AI and Machine Learning Training**: Intensive course covering supervised and unsupervised learning.
- **Data Visualization with Power BI**: Professional training on building interactive dashboards.
- **Computer Fundamentals**: Completed specialized training (2075 BS).
